

MY

HISTORY

PROJECT

By Peter O'Mahoney 5th
Scóil na mbuachaill;

When we moved into our house 20 years ago before I was born, we found memorabilia including a gun and many bullets and letters in our attic.

THE LETTERS

the letters were from members of the Cumann na mBan from around the time of the Easter Rising (Irish League division). My parent sent the letter to the local museum.

'SECRET DOOR'

also discovered were secret doors in the eaves of our attic which locals used to escape The Black and Tans.

THE GUN

Another major find in our house was a hand Revolver and 2 bullets (which we now have hanging in our hallway above our door.)
