

THE MYSTERY of

Michael
Collins'
Revolver

Michael Collins was shot in 1922

① When they were bringing ~~there~~ his body to Cork they had to travel through fields because the bridges were being blown up!

② They got bogged in a field behind ~~Kilbenny~~ Kilmeney inn. The owners of the inn were Cassie Forde + Denjo Welch.

③ The next day Cassie + Denjo went outside to investigate the area they found Michael Collins' grave.

④ 70 years later my dad was working with Denjo's son Jimmy ~~what's his name~~ who told my dad this story.

⑤ In the early 2000s the owners of the ~~pub~~ inn sold the remains to the UK National History Museum.

⑥ The story went from Denjo
