! The full story !

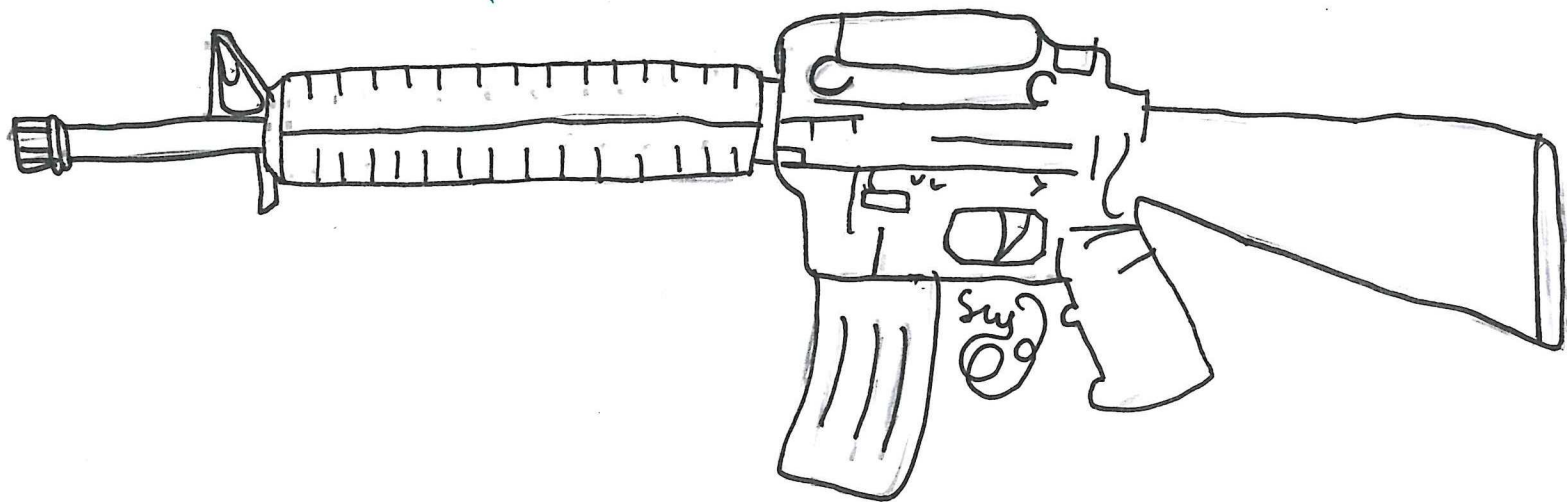

It was the 11th of November 1918 in this day Poland not only won its independence but also it got back on the map. It got its independence from Germany Austria-Hungary and Russia. It started with Pilsudski being appointed commander chief by the RC *regency council*. He was entrusted with creating a national Government for the restored Polish state.

Most Germans were in Warsaw so it was easy for demonized Soldiers to disarm them. They did the same to the Austrians and Russians
