The troubles during 1916 to 1922.

My Greatgrand uncle and my Greatgrand aunt Lived at this property at Scrabball Hill Ballydehob during the 1916 to 1922 troubles, the Black and Tans used to call to the house on a regular basis checking to see who was living in each house on the back of the door of the house.

Also at that time they were farming at Schull Rd. Ballydehob. Where I now live, they used to milk cows in an old stone byre (cowhouse) which is still standing, the black and tans used to search the cow byre for guns, ammunition etc. They used to also search the hay reek.

This is the Scrabball Hill house.

This farmhouse was owned by my Great gand uncle.
