# My Spanish history

My great grandpa Josep Participated in the Spanish civil war. He fought against Franco (a Spanish dictator). During the war my granny's name was born. They had little food and drink. In Spain they spoke Catalan but Franco didn't allow them. If he caught somebody speaking Catalan he would kill them. My other great grandpa Pere, as he was older and he was a builder he stayed in the village and he dug a underground basement. The Catalan lost and the Spanish won.
