Crossbarry ambush

9th 1921 the crossbarry ambush took place
in my great uncles farm where also my ~~mother~~
Joanna grew up in. If you look up the cross-
barry ambush there is pictures of the house where
my family lived which is still there now. My great
granddad ~~was~~ also friendly with one of the
leaders Charlie Hurley. My family also told me
Joll Barry and a hundred other men ambushed
over a thousand British soldiers when they were
~~are~~ coming true to the farm. Over one thousand
three hundred British soldiers were killed and
only three to six Irish soldiers were killed
including Charlie Hurley.
