My Mother told me this story. National School.

My Mother, her sister, her brother and her Mom lived in The Ouvane in the early 1980's. It was haunted and my Mother was told that a woman was in labour in The Ouvane. She wanted a doctor but they refused to give her one.

The woman died when she was having the baby because they never gave her a doctor. She died in 1916, and she cursed the Ouvane ever since.
