# Poppy Growing Up

Poppy grew up in Sligo. She was born in Sligo, she went to school in Sligo and grew up in Sligo. She did everything in Sligo. When she was growing up her parents could afford to buy shoes for her going to school but her friends didn't so they had to go to school without them. After awhile she wanted to go to school without shoes but she wasn't aloud. That shows that a lot of people didn't have that much money back then. There wasn't a lot of sport on when she was growing up but she tried tennis and seemed to like it.

Poppy was born Poppy Day.  
When she was in the hospital  
the nurses poppy pin fell into  
her crib. So that's why her  
parents named her Poppy.

In 2011 the doctor told Poppy  
that she had cancer. Then the  
year after she died. She was  
one of the most important people  
in my life. 😊
